

Education Committee Report

2014-2015

- We are still part of the Community Sunday School splitting our time between AYS and CCI. WE use the ISJL curriculum with the kids and they have music and Hebrew.
- Hebrew School was only one day per week, but will return to Monday and Wednesdays for the upcoming year. The students made Sukkah decorations and participated in services, including Religious School Shabbat where they took part in the majority of the service from the Bimah.
- For the High Holidays, Junior Congregation, Junior-Junior Congregation and Babysitting was offered. Many chose to participate and parents were very complimentary of the program.
- Tot Shabbat was regularly held and Junior Congregation was offered on Shabbat mornings.
- We had eight students total when the new Religious School year began.
- We had four students reach their Bar/Bat Mitzvah

Respectfully submitted,

Jennifer Wood

Education Chair
